Call for Papers

Theme:

This special session tries to provide a place for people to present their new research results to the state of the art or advance general knowledge and to discuss the related topics with broad interest. Contributors are encouraged to submit their papers to this special session including human factors theory, robotics, mechatronics, human-computer interaction, artificial intelligence, haptics, etc.

Topics of interest include, but are not limited to:

AI, behavioral and social sciences, biological control, computer science, design, health, and robotics.

Submissions Procedure: All the instructions for paper submission are included in the conference website <https://indin2020.medmeeting.org/en>

Fast track to transactions: INDIN 2020 presents a unique chance of fast-tracking best papers to IEEE Transactions on Industrial Informatics (TII). Authors intended to use the fast track shall submit papers in the form following the transactions requirements: length up to 8 pages, double-column IEEE format, without authors' names and affiliations. If the paper is accepted and recommended for the transactions' submission, the authors will be asked to:

- 1) Revise the paper according to the reviewers' comments and submit it to the TII with attached point by point summary of revisions. The paper will be then subject to double blind review process of TII.
- 2) Prepare a shortened, 4 page long version for the INDIN proceedings and submit it by the 'final manuscripts due' deadline of INDIN 2020. This version shall include authors names and affiliations as per the usual INDIN template.

Deadlines:

Deadline for submission of papers: March 07, 2020

Notification of acceptance of papers: April 18, 2020

Final manuscripts due: May 09, 2020
