INVITATION

The organizing committee cordially invites you to attend the 19th national congress on catalysis of China (19th NCC), which will be held from October 13 to 17 in Chongqing, under the auspices of the Catalysis Society of China. To promote the international cooperation, for the first time the NCC opens to the world. 19th NCC will feature the crucial roles of catalysis science and technology in new energy resources (e.g. solar and sustainable energy), efficient utilization of fossil and biomass resources, and abating/eliminating pollutant emission to the environment. The congress will serve as a platform to exchange novel ideas and discuss the advances in areas of catalysis.

TOPICS

- Catalytic Reactions
- Catalysis in Energy
- Theoretical Catalysis
- Electrocatalysis
- Environmental Catalysis
- Homogeneous Catalysis
- Catalytic Materials
- Catalyst Characterization
- Photocatalysis
- Biocatalysis
- Catalytic Synthesis of Fine Chemicals
- Industrial Catalysis

SCIENTIFIC COMMITTEE

Prof. Can Li, Chairman of the Catalysis Society of China
Dalian Institute of Chemical Physics, Chinese Academy of Sciences

CHAIRMAN

Prof. Zidong Wei, Chongqing University, China

CONGRESS VENUE

Yuelai International Convention Center, Chongqing, China

KEY DATES

January 30, 2019
